MEMORANDUM FOR THE RECORD

SUBJECT: Request for Information Made by Director, Selective Service System

1. Colonel Daniel Omar, Deputy Director of Selective Service Headquarters, in a telephone call to me on 19 January 1962 said that the subcommittee of the House Appropriations Committee with which Selective Service Headquarters does business had asked him to furnish the following information concerning the Armed Forces of the Soviet Union:

- a. Number of persons drafted on a yearly basis.
- b. Rate of rejections for induction of potential draftees.
- c. Any data which could be furnished concerning quality of manpower inducted, e.g., educational levels, vocational backgrounds, etc.

2. Assuming that CIA would be able to furnish at least some of the information desired (as described above), Colonel Omar would then want to be told whether:

- a. CIA would supply it to General Hershey (Director, Selective Service System).
- b. If made available to General Hershey, would he be permitted to furnish the information to the Appropriations Committee.
- c. If made available to the Appropriations Committee, would the Committee make the information public matter.

3. Colonel Omar's call was directed to this office since the Director of Personnel is the designated CIA office for liaison with General Hershey's office. I told Colonel Omar I would bring his request to the attention of the appropriate Agency offices.
